■ **CORNING CREDIT UNION [TRC Plan Review Rev#3]**

TECHNICAL STANDARDS – PARKING:

Movement Prohibition signs:

'No Left Turn' sign (R3-2) must be installed before exiting two-way drive aisle, and 'No Right Turn' sign (R3-1) must be installed near the exit of no-way driveway accessing Drive up ATM, facing driveway entrance on Federal Park Dr (see the images below for your reference) in accordance with [MUTCD](#). This is to restrict the egress traffic from turning left and ingress traffic from turning right into one-way drive.

Please let me know if you have any questions or if I can be of further assistance as this development moves through the review process.
