**TECHNICAL STANDARDS – ACCESS (driveway, sidewalk, and sight distance):**

1. The stop signs at the intersection of Galley Lane and the clubhouse appear to be partially blocked by the proposed Live Oaks in the 20'X70 sight distance triangle for the site. Please move the trees from the sight distance triangle or change the species of trees to another type, such as the Zelkova Serrata, which will provide clear visual sight distance from 30" to 10'.
2. No Further Comments.
