■ **CIRCLE K ON MARKET ST. [TRC Plan Review #3]**

**TECHNICAL STANDARDS – ACCESS (driveway, sidewalk, and sight distance):**

1. Site plan shows wheel chair ramps at the street intersections of Market St & Green Meadows Dr north-east abutting this property. Ramps must be installed as per City and ADA standards [Chapter II (E) (6) of CofWTSSM] [CofW SD 3-07, SD 3-09 & SD 11-11]. The wheelchair ramp on Green Meadows Dr must be aligned in front of the Stop bar to accommodate the crosswalk with the future development of this intersection. Please provide the NCDOT improvement plan if available.
2. Revise to show and apply the City's 20'x70' sight distance triangle as per below image for the driveways.

Please let me know if you have any questions or if I can be of further assistance as this development moves through the review process.
