Re: Panda Express Rev 4

The following is a list of comments for review from planning regarding the project. Please provide your corrections as listed below. Additional review will be required once all the needed documents have been provided. Items or documents not provided on initial submission will be subject to further review. Please contact me for any further questions.

Landscape Plan to Include:

- Please identify types and location of mitigation trees. Ensure these trees are not proposed to satisfy requirements other than as a mitigation tree.
