**Re:** Pine valley Branch Library Revision

---

The following is a list of comments for review from planning regarding the project. Please provide your corrections as listed below. Additional review will be required once all the needed documents have been provided. Items or documents not provided on initial submission will be subject to further review. Please contact me for any further questions.

Landscape Plan to Include:

- Show the dimensions or square footage of all required islands per Sec. 18-481. The minimum square footage is 216 square feet in area.
- Ensure all required planting islands have trees and additional groundcover or shrubbery per Sec. 18-481.
