Re: Reeds Parking Facility

The following is a list of comments for review from planning regarding the project. Please provide your corrections as listed below. Additional review will be required once all the needed documents have been provided. Items or documents not provided on initial submission will be subject to further review. Please contact me for any further questions.

Landscape Plan to Include:

- Please provide the distance between the proposed parking facility and the parking lot located on the adjacent property to ensure compliance with Sec. 18-482.
