- Please include the maximum number of seats for the restaurant space. We need to make it clear for zoning compliance.
- Just to confirm, Sheet C2.1 will be removed from the plan set.
- Please provide updated landscape plan showing compliance with foundation planting requirements and removes trail connection to the north.
- I will need confirmation from transportation planning that the intensity falls within the trip gen caps provided in the ordinance. I have already sent an inquiry and will let you know if there is an issue.
