COMPREHENSIVE STORMWATER MANAGEMENT PERMIT

LOW DENSITY DEVELOPMENT

SECTION 1 - APPROVAL

Having reviewed the application and all supporting materials, the City of Wilmington has determined that the application is complete and the proposed development meets the requirements of the City of Wilmington's Comprehensive Stormwater Ordinance.

PERMIT HOLDER: NNP IV - Cape Fear River, LLC

PROJECT:

Riverlights - Lake Trail

ADDRESS:

4410 River Road

PERMIT #:

2015041

Therefore, the above referenced site is hereby approved and subject to all conditions set forth in Section 2 of this approval and all applicable provisions of the City of Wilmington Comprehensive Stormwater Management Ordinance.

This permit shall be effective from the date of issuance until rescinded and shall be subject to the following specified conditions and limitations:

Section 2 - CONDITIONS

- 1. This approval is valid only for the Lake Trail Only. There are no plans directly approved with this permit. The trail shall be constructed as shown on approved plans
- 2. The project will be limited to the amount and type of built-upon area indicated in Section IV of the Stormwater Management Application Form submitted as part of the approved stormwater permit application package, and per approved plans.
- 3. All built-upon areas associated with this project shall be located at least 30 feet landward of all perennial and intermittent surface waters.
- 4. Runoff conveyances associated with the trail must be vegetated with side slopes no steeper than 3:1 (H:V).
- No piping associated with trail runoff shall be allowed except those minimum 5. amounts necessary to direct runoff beneath an impervious surfaces
- Runoff from the Lake Trail shall generally discharge to the lake. It is assumed to 6. receive treatment via vegetated areas and the lake.
- This permit shall become void unless the facilities are constructed in accordance 7. with the approved stormwater management plans, specifications and supporting documentation, including information provided in the application and supplements.

- 8. The permittee shall submit a revised stormwater management application packet to the City of Wilmington and shall have received approval prior to construction, for any modification to the approved plans, including, but not limited to, those listed below:
 - Any revision to any item shown on the approved plans, including the stormwater management measures, built-upon area, details, etc.

 Redesign or addition to the approved amount of built-upon area or to the drainage area.

- Further subdivision, acquisition, lease or sale of any part of the project area.
- Filling in, altering, or piping of any vegetative conveyance shown on the approved plan.
- Construction of any permitted future areas shown on the approved plans.
- 9. A copy of the approved plans and specifications shall be maintained on file by the Permittee.
- 10. During construction, erosion shall be kept to a minimum and any eroded areas of the system will be repaired immediately.
- 11. All areas must be maintained in a permanently stabilized condition. If vegetated, permanent seeding requirements must follow the guidelines established in the North Carolina Erosion and Sediment Control Planning and Design Manual unless an alternative is specified and approved by the City of Wilmington.
- 12. The permittee shall at all times provide the operation and maintenance necessary to assure the permitted stormwater system functions at optimum efficiency. Operation and Maintenance must be performed is including, but not limited to:

Scheduled quarterly inspections

- Sediment removal.
- Moving and revegetation of slopes and the vegetated areas.

Maintenance of landscape plants.

- Immediate repair of eroded areas.
- Maintenance of all slopes in accordance with approved plans and specifications.
- Debris removal and unclogging of any piping.
- 13. Records of inspection, maintenance and repair for the permitted stormwater system must be kept by the permittee for at least 5 years from the date of record and made available upon request to authorized personnel of the City of Wilmington. The records will indicate the date, activity, name of person performing the work and what actions were taken.
- 14. A final inspection by City of Wilmington Engineering personnel will be required prior to issuance of a certificate of occupancy or operation of the permitted facility.
- 15. This permit is not transferable except after application and approval by the City of Wilmington. In the event of a change of ownership, name change or change of address the permittee must submit a completed Name/Ownership Change form to the City of Wilmington at least 30 days prior to the change. It shall be signed by all applicable parties, and be accompanied by all required supporting documentation. Submittal of a complete application shall not be construed as an approved application. The application will be reviewed on its own merits by the City of Wilmington and may or may not be approved. The project must be in compliance with the terms of this permit in order for the transfer request to be considered. The

Public Services

Engineering 212 Operations Center Dr. Wilmington, NC 28412 910 341-7807 910 341-5881 fax wilmingtonnc.gov Dial 711 TTY/Voice

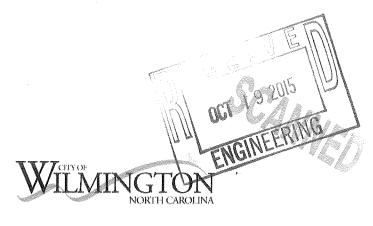

permittee is responsible for compliance with all permit conditions until such time as the City of Wilmington approves the transfer request. Neither the sale of the project nor the conveyance of common area to a third party should be considered as an approved transfer of the permit.

- 16. Failure to abide by the conditions and limitations contained in this permit may subject the Permittee to enforcement action by the City of Wilmington, in accordance with Sections 18-52 and 18-53 and any other applicable section of the Land Development Code.
- 17. The City of Wilmington may notify the permittee when the permitted site does not meet one or more of the minimum requirements of the permit. Within the time frame specified in the notice, the permittee shall submit a written time schedule to the City of Wilmington for modifying the site to meet minimum requirements. The permittee shall provide copies of revised plans and certification in writing to the City of Wilmington that the changes have been made.
- 18. The issuance of this permit does not preclude the Permittee from complying with any and all statutes, rules, regulations, or ordinances, which may be imposed by other government agencies (local, state, and federal) having jurisdiction.
- 19. In the event that the facilities fail to perform satisfactorily, including the creation of nuisance conditions, the Permittee shall take immediate corrective action, including those as may be required by the City of Wilmington, such as the construction of additional or replacement stormwater management systems.
- 20. The permittee grants City of Wilmington Staff permission to enter the property during normal business hours for the purpose of inspecting all components of the permitted stormwater management facility.
- 21. The permit issued shall continue in force and effect until revoked or terminated by the City of Wilmington. The permit may be modified, revoked and reissued or terminated for cause. The filing of a request for a permit modification, revocation and re-issuance or termination does not stay any permit condition.
- 22. The approved stormwater management plans and all documentation submitted as part of the approved stormwater management permit application package for this project are incorporated by reference and are enforceable parts of the permit.
- 23. The permittee shall submit a renewal request with all required forms and documentation at least 180 days prior to the expiration date of this permit.
- 24. If any one or more of the conditions of this permit is found to be unenforceable or otherwise invalidated, all remaining conditions shall remain in full effect.

Stormwater Management Permit issued this the 16th day of December, 2015

for Sterling Cheatham, City Manager

City of Wilmington

STORMWATER MANAGEMENT PERMIT APPLICATION FORM (Form SWP 2.2)

	GENERAL INFORMATION				
1.	Project Name (subdivision, facility, or establishment name - should be consistent with project name on plans, specifications, letters, operation and maintenance agreements, etc.):				
	Riverlights - Lake Trail				
2.	Location of Project (street address):				
	4410 River Road				
	City: Wilmington County: New Hanover Zip: 28412				
3.	Directions to project (from nearest major intersection):				
	From Carolina Beach Road (US-421), turn right at Independence Boulevard (SR1209) and a left at River Road				
	(SR1100). This site is located between Barnard's Creek and Mott's Creek.				
	PERMIT INFORMATION				
1.	. Specify the type of project (check one): Low Density High Density Drains to an Offsite Stormwater System Drainage Plan Other If the project drains to an Offsite System, list the Stormwater Permit Number(s):				
	City of Wilmington: State – NCDENR/DWQ:				
2.	Is the project currently covered (whole or in part) by an existing City or State (NCDENR/DWQ) Stormwater Permit? Yes No If yes, list all applicable Stormwater Permit Numbers:				
	City of Wilmington: 2015001, 2015024 State - NCDENR/DWQ: SW8-070526				
3.					
	CAMA- RiverLights #92-07, 01/10/2014; SEC- River Road Realignment, Grading Permit #40-07, 10/28/2014;				

III. CONTACT INFORMATION

1.	rint Applicant / Signing Official's name and title (specifically the developer, property owner, lessee, esignated government official, individual, etc. who owns the project):				
	Applicant / Organization: NNP IV- Cape Fear River, LLC				
	Signing Official & Title: Bill Mumford

V. PROJECT INFORMATION					
1. In the space provided below, briefly summarize how	the stormwater runoff will be treated.				
The Lake Trail will be constructed of impervious material	and runoff will be directed to in-situ soil, which has				
a high infiltration rate.					
2. Total Property Area: 208,307 square feet					
3. Total Coastal Wetlands Area: 0 square					
Total Surface Water Area:square feet					
Total Property Area (2) – Total Coastal Wetlands Area (3) – Total Surface Water Area (4) = Total Project Area:208,307 square feet.					
Existing Impervious Surface within Property Area: 0 square feet					
Existing Impervious Surface to be Removed/Demolished: 0 square feet					
Existing Impervious Surface to Remain:0					
Buildings/Lots					
Impervious Pavement					
Pervious Pavement (adj. total, with % credit appli	ed)				
Impervious Sidewalks	172,264				
Pervious Sidewalks (adj. total, with % credit appli	ed)				
Other (describe) River Road Realignment (NCDENR 070	526) ***SEE ATTACHE				
Future Development	MASTERPLAN				
Total Onsite Newly Constructed Impervious Surface	172,264 SUMMARY***				
10. Total Onsite Impervious Surface (Existing Impervious Surface to remain + Onsite Newly Construc	eted Impervious Surface) = 172,264squa				
11. Project percent of impervious area: (Total Onsite Imper-	ious Surface / Total Project Area) x100 = 83 %				

12. Total Offsite Newly	Constructed Impervious	Area (improvements made	outside of property boundary, ir.
square feet):			

Impervious Pavement	i e e e e e e e e e e e e e e e e e e e			
Pervious Pavement	(adj. total, with	% credit applied)		
Impervious Sidewalks)			
Pervious Sidewalks	(adj. total, with	% credit applied)		
Other (describe)				
Total Offsite Newly Constructed Impervious Surface			0	

13.	Total Newly Construc	ted Impervio	us Surface	Э			
(Total Onsite + Offsite Nev	vly Constructed	I Impervious	Surface) =	172,264	_square	fee

14. Complete the following information for each Stormwater BMP drainage area. If there are more than three drainage areas in the project, attach an additional sheet with the information for each area provided in the same format as below. Low Density projects may omit this section and skip to Section V.

Basin Information	BMP#	BMP#	BMP#
Receiving Stream Name			
Receiving Stream Index Number			
Stream Classification			
Total Drainage Area (sf)			
On-Site Drainage Area (sf)			
Off-Site Drainage Area (sf)			
Total Impervious Area (sf)			
Buildings/Lots (sf)			
Impervious Pavement (sf)			
Pervious Pavement (sf)			
Impervious Sidewalks (sf)			
Pervious Sidewalks (sf)			
Other (sf)			
Future Development (sf)			
Existing Impervious to remain (sf)			
Offsite (sf)			
Percent Impervious Area (%)			

15. How was the o	off-site impervious	s area listed abov	e determined? Provide	documentation:
	·			

V. SUBMITTAL REQUIREMENTS

- 1. Supplemental and Operation & Maintenance Forms One applicable City of Wilmington Stormwater BMP supplement form and checklist must be submitted for each BMP specified for this project. One applicable proposed operation and maintenance (O&M) form must be submitted for each type of stormwater BMP. Once approved, the operation and maintenance forms must be referenced on the final plat and recorded with the register of deeds office.
- 2. Deed Restrictions and Restrictive Covenants For all subdivisions, outparcels, and future development, the appropriate property restrictions and protective covenants are required to be recorded prior to the sale of any lot. Due to variability in lot sizes or the proposed BUA allocations, a table listing each lot number, lot size, and the allowable built-upon area must be provided as an attachment to the completed and notarized deed restriction form. The appropriate deed restrictions and protective covenants forms can be downloaded at the link listed in section V (3). Download the latest versions for each submittal.

In instances where the applicant is different than the property owner, it is the responsibility of the property owner to sign the deed restrictions and protective covenants form while the applicant is responsible for ensuring that the deed restrictions are recorded.

By the notarized signature(s) below, the permit holder(s) certify that the recorded property restrictions and protective covenants for this project, if required, shall include all the items required in the permit and listed on the forms available on the website, that the covenants will be binding on all parties and persons claiming under them, that they will run with the land, that the required covenants cannot be changed or deleted without concurrence from the City of Wilmington, and that they will be recorded prior to the sale of any lot.

3. Only complete application packages will be accepted and reviewed by the City. A complete package includes all of the items listed on the City Engineering Plan Review Checklist, including the fee. Copies of the Engineering Plan Review Checklist, all Forms, Deed Restrictions as well as detailed instructions on how to complete this application form may be downloaded from:

http://www.wilmingtonnc.gov/PublicServices/Engineering/PlanReview/StormwaterPermits.aspx

The complete application package should be submitted to the following address:

City of Wilmington – Engineering Plan Review Section 212 Operations Center Dr Wilmington, NC 28412

VI. CONSULTANT INFORMATION AND AUTHORIZATION

 Applicant: Complete this section if you wish to designate authority to another individual and/or firm (such as a consulting engineer and /or firm) so that they may provide information on your behalf for this project (such as addressing requests for additional information). 				
Consulting Engineer: Nick Lauretta, PE, LEED AP				
Consulting Firm: McKim & Creed, Inc.				
a. Contact information for consultant listed above:				
Mailing Address: 243 N. Front Street
